FEBRUARY MEETING

The February meeting of VMSC was held on the 19th at the Branch House. Some of the highlights follow.

A letter from the Treasury Department was read which stated that VMSC is tax exempt provided it does not change its present method of operation.

The President announced the appointment of a Contest Board to act in case of dispute. Stan Clark, Joe Crenshaw, and Ken Payne will serve on this committee.

The possibility of the club's purchasing some new stopwatches was discussed. John Thornton, who had been asked to check into the matter, reported his findings. A suggestion was made to auction off the old watches if new ones are purchased. A motion was carried that \$210 be spent for four new watches and that the old watches be auctioned off. Notice of the auction will be printed in a future issue of Checkpoints.

The Trophy Committee reported that trophies for the year's events have been ordered from a California company.

The supply of the club's emblems has been depleted. It was suggested that the club consider a nicer emblem, perhaps one with metallic binding. This will be discussed further at the next meeting after information on the cost and supplier has been obtained.

The Hard Luck Trophy of the month was presented to Hal Kirby. A letter from Doris stated that he was in the University Hospital as a result of an automobile accident. Jack Lewis and Dorsey Sydnor, whose cars recently suffered mechanical difficulties, were presented with a new fan belt and roll of tape, respectively.

Movies and coffee followed the business meeting.
