EDITORIAL

Webster defines apathy as: "Lack of feeling, a want of passion or emotion". VMSC defines it as a lack of interest, "I don't care anymore", "I'm just not interested", "I'm too busy".

Hey, out there! What's going on? You're not expected to build your life around VMSC, but how about a little more support and participation on club events!

OK- so maybe some of you aren't interested in autocrossing, but tell some non-members about it and spark a little interest in them to come out to an event; then, you come on out and help work the event.

OK- so part of you don't know how to rally or just don't want to- maybe autocrossing is your bag. If you don't know how to rally, talk to someone who does, ask them to help you out. I don't know of anyone who's really interested in something who's not willing to sit down and talk with you about it, try to get you interested, and help you out. If you're just really not interested in rallying, get in touch with the Rallymasters and volunteer to work so others can run the event. After all, they come out and work so you can autocross! Help share the burden.

If you participate in the running of any event, or just come to the socials, its your responsibility to help work in these events. If we don't have autocrossing, which is our real moneymaker to finance the rest of the club activities, the other activities will dwindle. If the number of rallies dwindle, we lose our Rally Buffs. If our socials dwindle, the times we get together without the heat of competition, we lose the spirit of comradre.

There is one area regarding working events that hasn't been mentioned thus far. There is a small group of people who always seem to be overlooked. We have several members who seldom run an event, but nearly always volunteer to work. How about an occasional "Thank You". They are the mainstay of our worker force and generally receive little recognition.

Lastly, we're not making use of our new members. You "old timers" make an effort to get to know them and make them feel welcome. You "new timers" get off your duffs and get involved. Volunteer to work on committees, etc. If you don't know what needs to be done in the club, ASK SOMEONE!!!

We have a new year coming. Let's use the last two months of this one to get to know our new members better, help them get more involved, and get involved ourselves. It sure would be a great way to start off the New Year!

EDITOR, J.M.

CAN DO TO SELL MY
HOME THAT NO
OTHER REALTOR
CAN DO."**

Jefferson-Jones is the only Realtor in the Richmond area who belongs to the Homes for Living Network, a nationwide family of Realtors who help people on the move find new homes.

If you're selling your home, this means we can put more than 8,000 Realtors to work for you for the same price you pay for one.

TR7. IT'S OUT TO STEAL THE AMERICAN ROAD

This new Triumph will change your ideas about sports cars. Its bold wedge, taken from the Grand Prix racetracks, is the shape of things to come. The edge of the wedge knives through the wind, forcing the front down for solid control. It cuts drag, enhances power, adds miles to the gallon. But shut your eyes and you're riding in a luxury sedan. You sit and stretch in elegant space. This swift, nimble GT is simply beautiful. But most important — it's beautifully simple; engineered for endless pleasure and low maintenance at a price that's a steal.

B-210 Hatchback. One way to squeeze extra miles out of a gallon of gas.

The driving's beautiful. A deep strut front suspension keeps the car's weight under easy control. A front stabilizer bar reduces sway on the turns. Big power assisted front disc brakes match the alert performance of the 1400cc high cam engine. It's engineered to respond, weight-watched to nearly one-ton trimness for great maneuverability.

Effective this issue

If you don't notify the editors when you move or otherwise change your address you may not receive your Checkpoints on time or at all. The reason for this is a new fee instituted by the postoffice. In an effort to keep costs down the editors have elected not to pay thirty dollars tribute annually for a service formerly provided at no cost.
