UN-PAID NON-POLITICAL FAUX-ANNOUNCEMENT

The following is a test of the Virginia Motor Sport Club emergency flyer system. We repeat, this is just a test. There is no emergency.

Beeeeeeeeeeeeeeep

This concludes our test of the Virginia Motor Sport Club emergency flyer system. Had there been a real flyer, you would have been informed of the details concerning the October 20th Autocross. This has been a test. The official flyer WILL appear in the October issue of Checkpoints. There is no emergency. The event will be held and if you can't wait until next month for the details, call Mike Weedon at (804) 226-8387. Thank you for your patience.

WINDING DOWN

Believe it or not, another competitive year is rapidly drawing to a close and we would like to remind all members of several items.

First, there are only five competitive events left on this years calendar, so if you hope to be in the running for a year-end award, you had better plan to enter them all.

Second, in the next month or so, the nominating committee will be meeting to select next years potential officers, and like any club it takes the efforts of many members working behind the scene to make it all come together. We would like to see more of you newer members on next years Board, not just to give the 'old' hands a rest, but more importantly to provide fresh ideas and enthusiasm so that VMSC can continue to be a leader in area motorsports. We ask that any member, especially you newer members, who would like to serve on the Board, please call Dennis Weir at 794-5715 and volunteer. Thanks in advance.

Finally, please plan to attend the November meeting for nominations and the December meeting to vote for your 1992 officers. Let them know that you support them. Thanks again.

# *Attention!*

## *VMSC Members*

*Take the shirt off our back...*

Any member bringing in a new membership (dues-paid) will receive at ~~no spare expense~~ no expense spared...

a free VMSC T-shirt

'ROUND RACING: At the July NASCAR race at Talladega, Al. Davy Allison got so mad that he lost the race, he beat up on his truck, thus breaking a bone in his hand and missing the next several races. We suppose the moral is; don't abuse your equipment.

At the NHRA race at Sears Point, Ca. Joe Amato had to use a different engine in his top fuel dragster for each run. He won his class for the event and turned in less than 5 second ET's for every run! Moral; never give up and have lots of money.

The 1991 F1 Gran Prix of Hungary was also the last race at the Hungaroring. The track needs lots of work and the organizers are broke.

F1 driver Bertram Gachot got into an argument with a London cabby, maced the guy, and is now serving an 18 month sentence in an English prison. Seems that mace is classed as a weapon in merry old England but not so in Gachot's native France.

The racing world mourns the loss of NHRA star Gary Ormsby who died of cancer in August. Gary was a very popular driver with the fans and with his fellow competitors. He won the World Top Fuel Drivers Championship in 1989. Gary will be remembered for years to come.

## Introducing...

**\*\* TYLER W. HANCOCK \*\***

Tyler resides at 2720 Queenswood Road in Midlothian, VA. (23113) and may be reached at 794-1887. He and his lovely wife Brenda have one daughter, Laura. Tyler works at the Ford and Thomas Insurance Agency. He has autocrossed with VMSC and the Mississippi Sports Car Club in E-stock, and is currently a member of the Richmond Triumph Register and the Vintage Triumph Register. While he is interested in all our events, his primary interest is Auto-crossing. Tyler also enjoys water and snow skiing, golf, and tennis. His collection of vehicles include a 1972 Triumph TR-6, a 1963 Ford Galaxie, a 1981 Volvo 240-S, and a 1991 Buick LaSabre.

We all welcome Tyler to the VMSC family.

Those of you who play golf may wish to take the new mid-east tour that includes one round on Iraq's recently completed 270,000 hole course.

Since we appreciate honesty in advertising, we enjoyed these two signs. One proudly proclaimed: "Serving Richmond - since June" while the other simply stated: "Business Stinks Sale".

Summer vacation is a system whereby people who are merely tired become totally exhausted.

### COOL IT

We are a club of adults who appreciate all forms of motor sports and as such we all should be aware of the need for a high degree of safety, both on and OFF the track. It seems hard to believe that it has become necessary to remind everyone of this fact, but the actions of some competitors at recent autocrosses make it so. PLEASE drive carefully and SLOWLY in the pit areas, many children now attend our events and they haven't learned this need yet. DON'T rely on the ODs to be traffic cops as they are already busy enough, we all must ask offenders to COOL IT in the pits. Enough said, RIGHT?

### Solution to August Different Stuff

#### The Teams:

Using the introduction, we see that the ladies ran together and that both Katy and Judy were drivers, therefore they were not a team. Since Katy competed in a one car class (clue 4) and Beth was in a multiple car class (clue 1), then Katy ran with Jet and Beth competed with Judy. Wilt could not compete with Mike nor Scott (all drivers); Neale was in a different class (clue 2); and since each team had similar experience (intro), then Wilt (a veteran per clue 2) and Bill (a first timer per clue 4) were not a team. Therefore, Wilt ran with Gerry. Likewise, Mike (a veteran) and Bill did not compete together; therefore, Mike ran with Neale while Bill ran with Scott.

#### The Classes:

Katy and her partner are the rookie class (clue 4). Neale and his partner are in the equipped class (clue 2). Wilt and his partner are in the unequipped class (clue 2). Since the equipped class has the most teams (clue 5), then Judy and her partner along with Scott and his partner all competed in this class.

#### The Cars:

Bill and his partner did not compete in the Honda (clue 4) and since the Honda team was competing for the first time, it could not have been used by Wilt and his partner nor Mike and his partner nor Katy and her partner (all veterans); therefore, the Honda was used by Judy and her partner. Jet and her partner competed in the MG (clue 3). Scott and his partner did not use the Fiat nor the BMW (clue 3), therefore they competed in the Volvo. The remaining two teams are in different classes and since the BMW was in the equipped class, then it was used by Mike and his partner while Wilt and his partner competed in the Fiat by process of elimination.

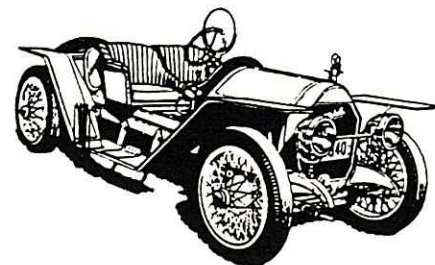

The solution therefore is:

Wilt Greenwood	& Gerry Eberhard	- Fiat	- Unequipped
Katy Fisher	& Jet Burton	- MG	- Rookie
Judy Santagata	& Beth Mills	- Honda	- Equipped
Mike Weedon	& Neale Dickinson	- BMW	- Equipped
Scott Powell	& Bill Hunter	- Volvo	- Equipped
