"It's like deja vu... all over again..."

Do you remember VMSC's rallies from the late '70s and early '80s ? As I rolled through the Land of Gooch in Will's Saab 900 Turbo on the precheck for "Deja Yu Y", I kept thinking of how much fun we had then. Fields of 20+ cars, trophies going down to third and fourth place in the rookie class, five equipped teams within a 15-point spread - all losing to the unequipped winner...

Yes, this is a special event. It has the flavor of the old days. Dead-slam beginners will get to all the controls, and have a ball doing it. Seat-of-the-pants rallyists will have a shot at the intrepid calculators this time, for course-following will be very much to the fore.

I enjoyed this event so much, I'm even thinking of buying a Zeron... My first experience with real rally equipment spoiled me pretty badly. I had never seen a navigator actually look through the windshield before...

All this, and a killer party/picnic, too! An excellent opportunity to be regaled with stories of the rallies of yore, to be trounced at the dart board, to be entertained in the Greenwood Tradition of time that passes too quickly among pleasant company. You've worked hard! You deserve to have a day like this!

AUTOCROSSERS! Come on out! The Greenwoods know what driver's roads are all about! This rally uses some of the best asphalt curvature in the area, with a little dirt thrown in for flavor. Besides, you look more sane if someone else is in the car when you're talking...

BE THERE.

**And remember, it's never
to late to bite the same
trap you bit in 1980...**

**Sincerely,
Doug Burton**
