WANTED!

If you are interested in putting on or helping put on an autocross or rally please contact Ken Van Horn at 804-598-4009. We need volunteers to do so. These fine VMSC events don't just happen. It takes people like you. Remember, you do get **points** for ODing an event. Those points just might mean the difference between placing behind or ahead of your rival at years end.

EDITORIAL

It seems to me that VMSC has a great amount of history that few in the membership know. The stories told by long time members of events and incidents, the photographic archives get by the club historian, the memorabilia collecting in the homes of members, etc. During these past months as editor of Checkpoints, I have had the privilege of looking leisurely back through history via past issues of Checkpoints. The club maintains an archive of past copies of Checkpoints from as far back as 1957.

It is fascinating to read these time capsules and discover things about the club and it's members. Names of people no longer involved with the club and the names of those who are. These back issues have given me a better perspective of VMSC and it is sad that today's club doesn't seem as vital. We need the membership to get more involved. I feel that more social activities would help. The club is not just about rallies and autocrosses. It is about people who use their common interest as a base for building great friendships. After boards meetings, lately, this friendship comes through in several good games of darts. I jokingly refer to the club as the Virginia Motor Sport and Dart Club. I am proud of the clubs heritage, it's fine members. **It's time to get to know them. It's time to get involved!**

Any one wishing to carouse through the Checkpoints archives is welcome. I will bring the archives to upcoming meetings so that all may enjoy the history of this club.
